

Child and Family Well-Being Questionnaire

The Covid-19 Pandemic will have affected different people in different ways but everyone will have been affected in one way or another. At school, we are talking to the children about any of their worries either individually or as a group, if they share the same worries. We do this normally as part of our PSHE subject curriculum, recognising and talking about feelings and emotions.

We would also appreciate it if you would like to share how your child's family have been affected and if we can support in anyway. This can be posted back to school anonymously or returned named to melrichards@hestersway.gloucs.sch.uk with the strictest confidence.

In September, when the whole school should return back, we will then have an overview of our pupil's needs, any Pastoral Support needs within our school community and how we can help to address them.

1. Have you or anyone in your family had, or likely to have had, Covid-19 (Coronavirus)?
