

Our School Day

Our School Day begins when we open the gates to the children at 8.45am. The children walk independently into class. The official start to the school day is 8.50am. This is when the register is taken in class.

The School Day ends at 3.00pm. The gates are opened at 2.55pm to allow parents and carers onto the school site.

The total school opening hours are 31.5 hours. The Government is seeking to make the statutory school week 32.5 hours by September 2023.

At Hester's Way Primary School, we maximise and effectively use the school hours across the timetable. Reception Class have a full hours lunch time, however Year 1 to Year 6 have 45 minutes. Other time for physical activity is planned across the week, along with the Daily Mile and other physical movement breaks in class time.
