Every day a child is absent it impacts on their education, possible life chances and opportunities in the future. We all need to support attendance, as it is a legal requirement for children to attend school. Please can we ask parents/carers to support positive school attendance.

We teach in learning sequences and children may then have gaps in their knowledge, skills and understanding if they miss time from school. This affects them building new learning on prior learning.

Let's make every day count and be at school to learn!
